Director

Smarter, Faster, Stronger ... Together.

The No. 1 conference for security and risk leaders in India

In a world of global instability, rising threats and the rapid evolution of AI, CISOs face unprecedented challenges. Defend your enterprise's AI investments, outpace AI-driven attacks and stay ahead of regulatory shifts.

Join us at **Gartner Security & Risk Management Summit** to connect with cybersecurity leaders, share insights and master the strategies, technologies and culture needed for resilience in the AI era. Together, we're smarter, stronger and ready for what's next.

Insights you can trust. Join us at the only security conference shaped by data-driven insights and 200,000+ annual conversations between Gartner experts and the security community.

Validate your strategy. Our global team of 30 on-site experts helps you create and validate your game plan using actionable guidance based on our proprietary insights and tools.

Strengthen your network. Join a large and diverse group of cybersecurity and risk executives at a conference that prioritizes meaningful interactions and powerful connections.

Connect with your peers. Collaborate with fellow industry leaders to solve shared challenges, vet strategies and make informed decisions.

What's new for 2026

New content on the top risks that AI and GenAI pose and how to mitigate against it, and how to securely scale multiple GenAI use cases.

New coverage on post-quantum cryptography, deepfake and identity impersonation threats, and insider risks.

The CISO Circle Program, designed to empower cybersecurity leaders to drive organizational impact through executive collaboration and strategic negotiation.

Sessions on top projects, and a planning guide that can help validate and strengthen a CISO's strategies for 2026.

Who should attend

- CISOs
- Chief security officers
- Chief risk officers
- Security managers, directors and leaders
- Risk management professionals
- Governance managers
- Compliance officers
- Security architects and technical professionals
- Business continuity and IT disaster recovery (ITDR) managers
- Network security managers
- Security operations managers

Plan your experience

There are multiple sessions happening each day. Once registered, craft your agenda and book priority sessions — all through the Gartner Conference Navigator app.

Agenda tracks

A

Cybersecurity Leadership

Cybersecurity leaders face disruptions on multiple fronts: technological, organizational and human. This track helps you to overcome day-to-day leadership challenges, make well-informed strategic decisions and keep your organization secure in turbulent times.

B

Cyber-Risk Management

Excelling in risk management is not just essential — it's imperative. This track delivers insights to help you outpace potential threats, fortify your defenses, and navigate and mitigate the intricate risks tied to privacy, supply chains and more.

C

Infrastructure Security

Securing infrastructure is key to any organization's security strategy, whether you are on-premises, in the cloud or hybrid. This track explores the evolving landscape of security solutions to secure your infrastructure and defend your organization from attack.

Hot topics

- Leadership vision for security
- Maturity assessment
- Engaging with different parts of the org
- Human factors in security
- Metrics, proving the value of security
- Future of AI in cybersecurity
- Contract negotiation

- Organizational resilience
- Privacy
- Securing the quantum frontier
- Managing AI risks
- Understanding the threat landscape
- Third-party cyber-risk management
- Cyber-physical systems security

- Cloud security
- Network security
- Endpoint and mobile security
- Zero trust
- Cybersecurity architecture

Sessions as of 5 November 2025, and subject to change

Plan your experience (continued)

There are multiple sessions happening each day. Once registered, craft your agenda and book priority sessions — all through the Gartner Conference Navigator app.

Agenda tracks

D

Application and Data Security

Applications and the data they support are critical security components for every organization. This track covers key technologies and approaches to protecting your data and securely building, implementing and operating your applications.

- Application security
- Data security
- Engineering secure applications
- Data loss prevention

E

Security Operations

Security and risk management leaders depend on security operations to preserve their company, while business requires them to tolerate higher risks. This track explores the best practices and emerging approaches to reduce exposure to threats and minimize disruption caused by inevitable incidents.

- Future of the security operations center (SOC)
- Microsoft 365 security features
- Unstructured data security
- Engineering secure applications
- Protecting AI applications

The CISO Circle Program

CISOs must help their organizations manage cybersecurity risk while enabling growth and mission objectives. The CISO Circle Program curates Gartner's most executive-relevant insights and guidance in interactive, peer-based sessions. An application is required.

- CIO/CISO collaboration
- Engaging and negotiation with the business
- Board presentation
- Key drivers for CISO effectiveness

Spotlight track: Artificial intelligence

AI's rapid evolution presents many cybersecurity risks and opportunities. Learn how to effectively integrate AI into your cybersecurity roadmap and navigate the AI hype to create real value.

- AI-enhanced SOC
- Outlook for AI and cybersecurity
- Protecting your AI applications
- GenAI risk management
- Harnessing and scaling GenAI securely
- GenAI-induced risks impact on data security

Sessions as of 5 November 2025, and subject to change

“The sessions were well-structured and offered a wealth of information, leaving me with actionable take-aways and important homework to further strengthen security strategies.”

Mosharraf Imam, CISO, Honda Motorcycle & Scooter India Pvt. Ltd.

Interact with experts

The CISO Circle Program*

Meet with a community of CISOs and chief risk officers in a program offering a curated, executive experience that delivers presentations, discussions and networking opportunities exclusively for cybersecurity and risk leaders at the top of their field. An application is required.

Executive Stories

Accelerate your initiatives by sitting down with peers to hear their leadership stories, real-world challenges, success factors and lessons.

Social engagements

Unwind, learn from peer experiences and grow your network during planned Meetups, receptions and special events.

Network with peers

Roundtables*

Moderated by Gartner experts for exchanging ideas and best practices with your peers.

Workshops*

Small-scale and interactive — drill down on specific topics with a how-to focus.

Exhibit Showcase

Show floor

Use this interactive environment to gain insights from subject matter experts, explore new products and services, and engage in peer-to-peer exchanges.

Solution Provider sessions

Make investment decisions based on insights from case studies, thought leadership presentations and live interactions with exhibitors.

Theater sessions

Get a snapshot of the current solution landscape. Exhibitors reveal products and Gartner experts present findings based on Gartner Magic Quadrant™ insights and the Gartner Hype Cycle™ methodology.

Face-to-face solution provider meetings

Meet with the solution providers that interest you most, and walk away with a shortlist and actionable solutions.

*Space is limited and preregistration is required.

Registration and pricing

What's included

In addition to five tracks of the latest Gartner insights, your conference registration fee includes complimentary access to these special features:

- One Gartner one-on-one meeting*
- Workshops*
- Roundtables*
- Exhibit Showcase
- Networking breakfasts, lunches and receptions

*Online preregistration is required for one-on-ones, workshops and roundtables. Reserve your place early, as space is limited.

Group Rate Discount

Maximize learning by participating together in relevant sessions or splitting up to cover more ground, sharing your session take-aways later.

Complimentary registrations

- 1 for every 3 paid registrations
- 2 for every 5 paid registrations
- 3 for every 7 paid registrations
- 4 for every 10 paid registrations

For more information, email GlobalConferences@gartner.com or contact your Gartner account manager.

Gartner conference tickets

If you are a client with questions about tickets, please contact your sales representative or call 000 800 050 3902.

Gartner Conference Navigator

Gartner Conference Navigator app helps you organize, view and custom-create an agenda based on:

- Date and time
- Session descriptions
- Track
- Key initiatives
- Experts/speakers
- Vertical industries

Exhibit Showcase

Mingle with solution providers offering their latest technologies transforming the world of cybersecurity. Stop by the booths and learn how they can help take your business to the next level. Interested in exhibiting? Contact us at exhibit@gartner.com
