8 – 9 March 2027 | Mumbai, India
gartner.com/in/security

India's Premier Gathering of CISOs and Risk Leaders

Deepti Gopal
Director Analyst

Save INR 19,050 on the standard rate by 15 January.

Gartner®

Lead the Future of Cybersecurity With Confidence

The cybersecurity landscape is evolving faster than ever. As AI transforms both cyber defense and cyber threats, security and risk leaders must navigate increasing complexity, emerging risks and growing business expectations.

At **Gartner Cybersecurity & Risk Management Summit,** you'll gain access to insights shaped by Gartner analysts and thousands of conversations with cybersecurity leaders worldwide. Connect directly with Gartner analysts to discuss your most pressing challenges, validate your strategies through objective guidance and engage with peers facing similar priorities. Leave with actionable recommendations, fresh perspectives and the confidence to make informed decisions that strengthen security, manage risk and prepare your organization for what's next.

Gain insights you can trust. Join us at the only security conference shaped by data-driven insights and 200,000+ annual conversations between Gartner analysts and the cybersecurity community.

Strengthen your network. Join a large and diverse group of cybersecurity and risk executives at a conference that prioritizes meaningful interactions and powerful connections.

Validate your strategy. Our global team of 30 on-site analysts helps you create and validate your game plan using actionable guidance based on our proprietary insights and tools.

Connect with your peers. Collaborate with fellow industry leaders to solve shared challenges, vet strategies and make informed decisions.

Visit gartner.com/in/security or call 000 800 050 3902 for updates and to register!

Who should attend

- CISOs
- Chief security officers
- Chief risk officers
- Security managers, directors and leaders
- Risk management professionals
- Governance managers
- Compliance officers
- Security architects and technical professionals
- Business continuity and IT disaster recovery (ITDR) managers
- Network security managers
- Security operations managers

Plan your experience

There are multiple sessions each day. Once registered, craft your agenda and book priority sessions — all through the Gartner Conference Navigator app.

Agenda tracks

Hot topics

A

Cybersecurity Leadership and Innovation
Cybersecurity leaders face relentless change from AI, regulation and business demands. Learn how to shape business-aligned cybersecurity strategies, optimize resources, improve your leadership effectiveness and drive innovation, resilience and executive confidence.

- CISO effectiveness
- Cybersecurity strategies
- Metrics
- Board communications
- AI governance
- Human-centric security
- New to role

B

Cyber Risk and Regulations
Cyber-risk management is an operational imperative driven by global regulations. This track offers insights to strengthen cyber resilience and effectively manage risks. Key topics include cyber resilience, third-party risk, privacy, AI, operational technology and organizational resilience.

- Cyber resilience
- Third-party cyber-risk management
- Privacy
- Cybersecurity regulations
- Managing AI risks
- Emerging threats
- Insider risk

Sessions as of 1 October 2026, and subject to change

Plan your experience (continued)

Agenda tracks

Hot topics

C

Infrastructure and Cloud Security
Evolving workforces and infrastructure require comprehensive strategies for infrastructure security. This track provides the latest insights and guidance on zero trust, optimizing cybersecurity tool portfolios, secure access service edge and network, workspace, cloud and endpoint security.

- Cloud security
- Network security
- Endpoint security
- Cybersecurity architecture
- Cybersecurity tool rationalization
- Zero trust

D

Application and Data Security
Applications and the data they support are critical security components growing with the use of GenAI. This track covers key technologies, best practices and innovations for protecting your data and securely building, implementing and interconnecting your applications.

- Application security
- Data security
- Secure by design
- Securing GenAI
- Protecting AI applications
- DevSecOps
- Data loss prevention

E

Cybersecurity Operations and Response
Security operations are critical to an effective security program. This track offers pragmatic advice on how to measure and manage security operations, improve threat detection, investigation and response, use AI to optimize operations and develop effective threat exposure management programs.

- Design and building modern security operations
- Using AI in the security operations center (SOC)
- Threat detection, investigation and response
- Selecting technologies for the SOC
- Measuring security operations
- Identity access management (IAM)

The CISO Circle Program
The CISO Circle program curates executive, relevant Gartner insights and guidance in highly interactive, peer-based sessions. Learn how to build your personal brand, strengthen relationships with C-Level leaders, and drive cyber resilience in a disruptive environment. An application is required.

- CISO effectiveness
- Board communications
- Influencing key stakeholders
- Metrics
- Avoiding burnout

Sessions as of 1 October 2026, and subject to change

"The sessions were well-structured and offered a wealth of information, leaving me with actionable takeaways and important homework to further strengthen security strategies."

Mosharraf Imam
CISO, Honda Motorcycle & Scooter India Pvt. Ltd.

Interact with analysts

The CISO Circle Program*
Meet with a community of CISOs and chief risk officers in a program offering a curated, executive experience that delivers presentations, discussions and networking opportunities exclusively for cybersecurity and risk leaders at the top of their field. An application is required.

Analyst one-on-ones
Meet one-on-one with a Gartner analyst to explore your key priorities, address critical challenges, and gain personalized, actionable guidance.

Social engagements
Unwind, learn from peer experiences and grow your network during planned Meetups, receptions and special events.

Network with peers

Roundtables*
Moderated by Gartner analysts for exchanging ideas and best practices with your peers.

Workshops*
Small-scale and interactive — drill down on specific topics with a how-to focus.

Peer Meetups*
Connect with peers facing similar challenges, exchange experiences, and gain fresh perspectives through facilitated networking and discussion sessions.

Exhibit Showcase

Show floor
Use this interactive environment to gain insights from subject matter analysts, explore new products and services, and engage in peer-to-peer exchanges.

Solution Provider sessions
Make investment decisions based on insights from case studies, thought leadership presentations and live interactions with exhibitors.

Theater sessions
Get a snapshot of the current solution landscape. Exhibitors reveal products and Gartner analysts present findings based on Gartner Magic Quadrant™ insights and the Gartner Hype Cycle™ methodology.

Face-to-face solution provider meetings
Meet with the solution providers that interest you most, and walk away with a shortlist and actionable solutions.

*Space is limited and preregistration is required.

Registration and pricing

What's included

In addition to five tracks of the latest Gartner insights, your conference registration fee includes complimentary access to these special features:

- **One Gartner one-on-one meeting***
- **Workshops***
- **Roundtables***
- **Exhibit Showcase**
- **Networking breakfasts, lunches and receptions**

*Online preregistration is required for one-on-ones, workshops and roundtables. Reserve your place early, as space is limited.

Group Rate Discount

Maximize learning by participating together in relevant sessions or splitting up to cover more ground, sharing your session take-aways later.

Complimentary registrations

- 1 for every 3 paid registrations
- 2 for every 5 paid registrations
- 3 for every 7 paid registrations
- 4 for every 10 paid registrations

For more information, email GlobalConferences@gartner.com or contact your Gartner account manager.

Gartner conference tickets

If you are a client with questions about tickets, please contact your sales representative or call 000 800 050 3902.

Gartner Conference Navigator

The Gartner Conference Navigator app helps you organize, view and custom-create an agenda based on:

- Date and time
- Track
- Analysts/speakers
- Session descriptions
- Key initiatives
- Vertical industries
