

How your peers are investing in tech to deliver on digital initiatives

[Get the 2023 CIO Agenda](#)

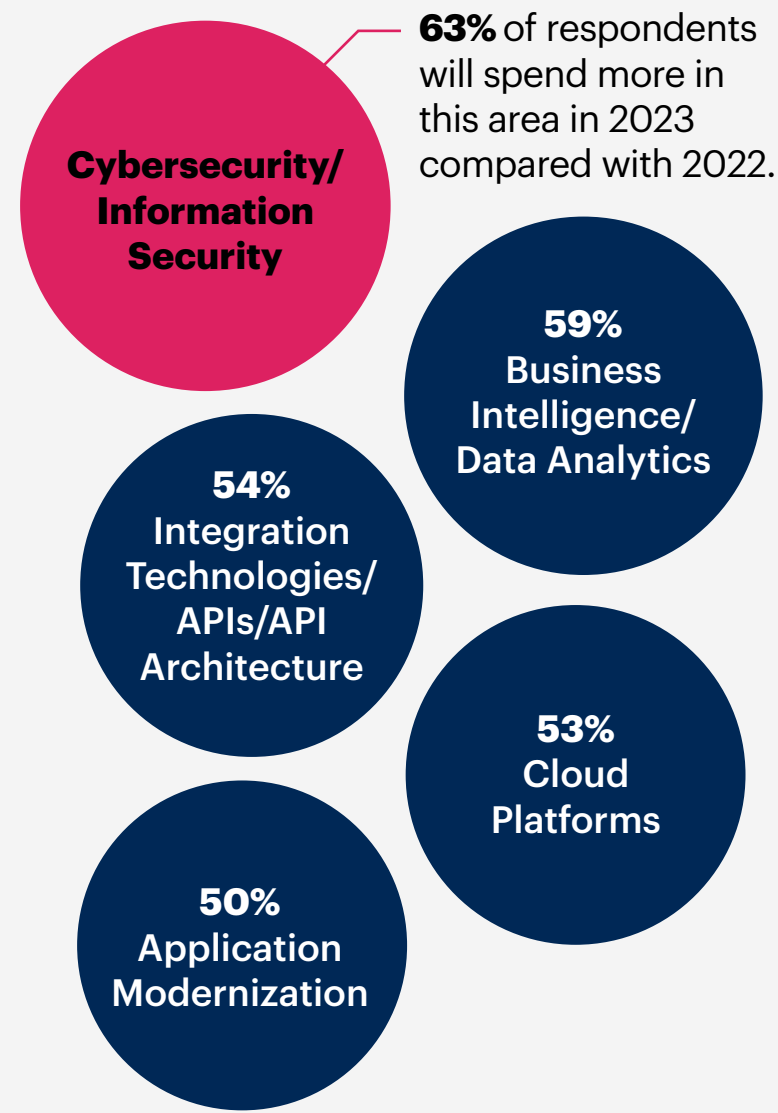

What are the top enterprise priorities?

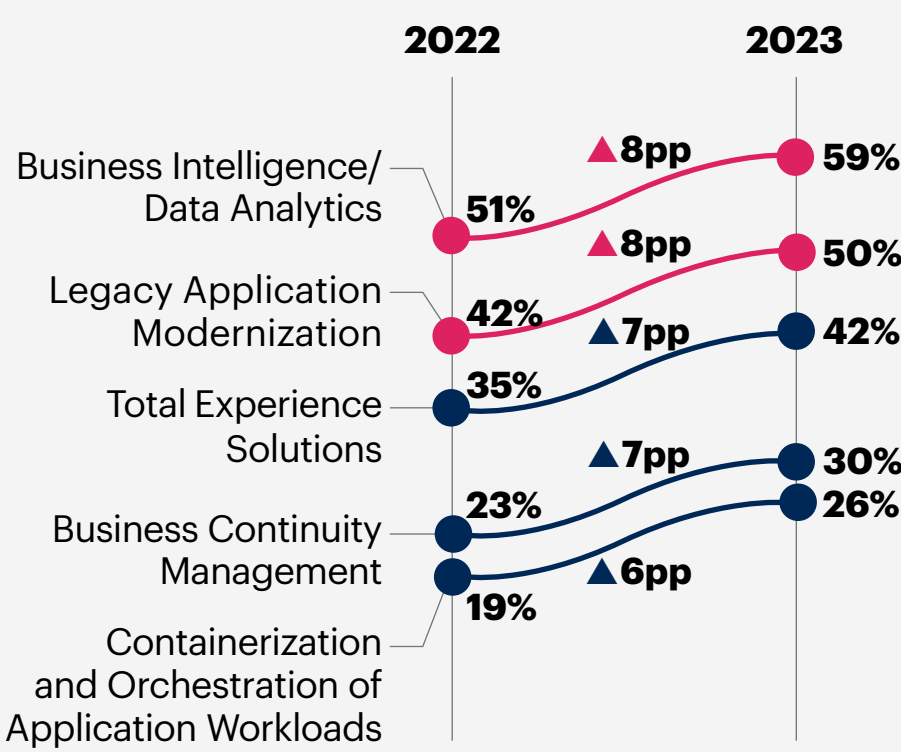

Which technologies are most likely to be implemented by 2025?

Where will investments go in 2023?

For which technologies will more CIOs increase funding in 2023 compared to 2022?

What are the challenges while developing a vision for digital change?

- Agreeing on a shared vision throughout different parts of the enterprise
- Integrating the digital vision with existing enterprise-level strategies
- Competing expectations from different stakeholders

What can you do now?

Interview your peers to understand their priorities and map digital technology investments and strategies to their business goals.

For each technology investment, **clearly indicate how it will align** with specific goals and objectives in the enterprise strategy.

Get executive approval to act on a shared vision by building a “roadshow” deck to align with your CEO, board and other stakeholders.
