

How your peers are investing in tech to deliver on digital initiatives

[Get the 2023 CIO Agenda](#)

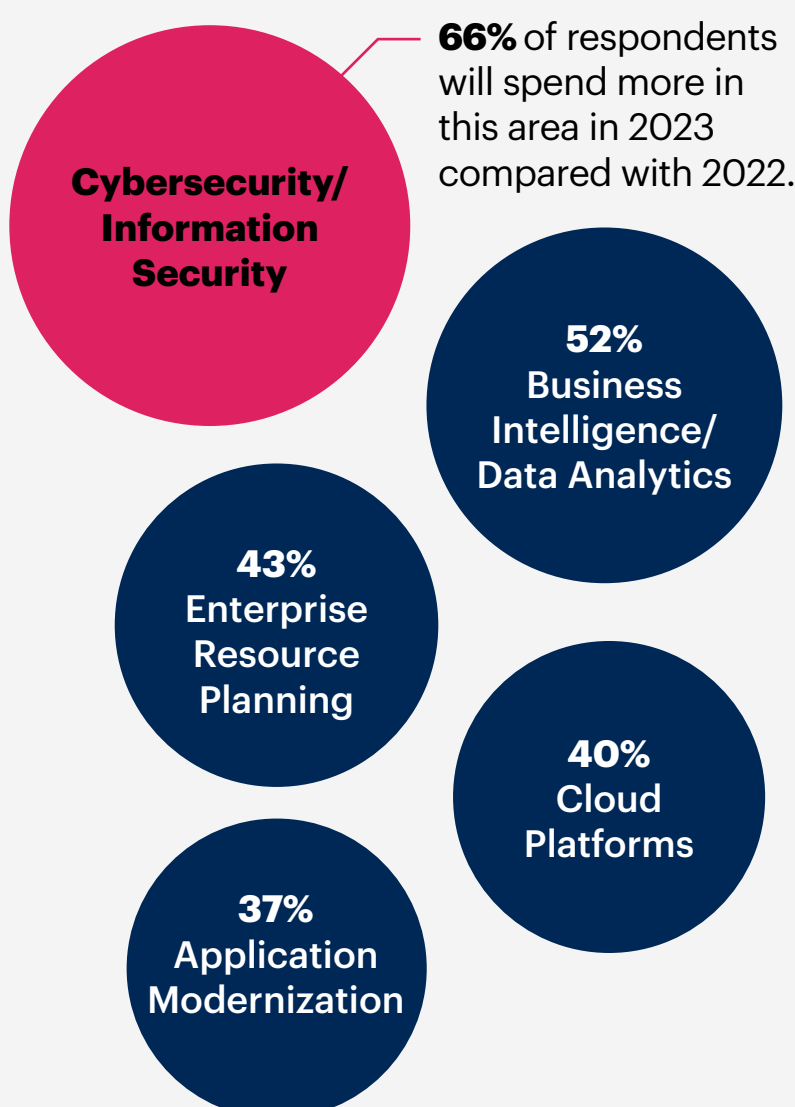

What are the top enterprise priorities?

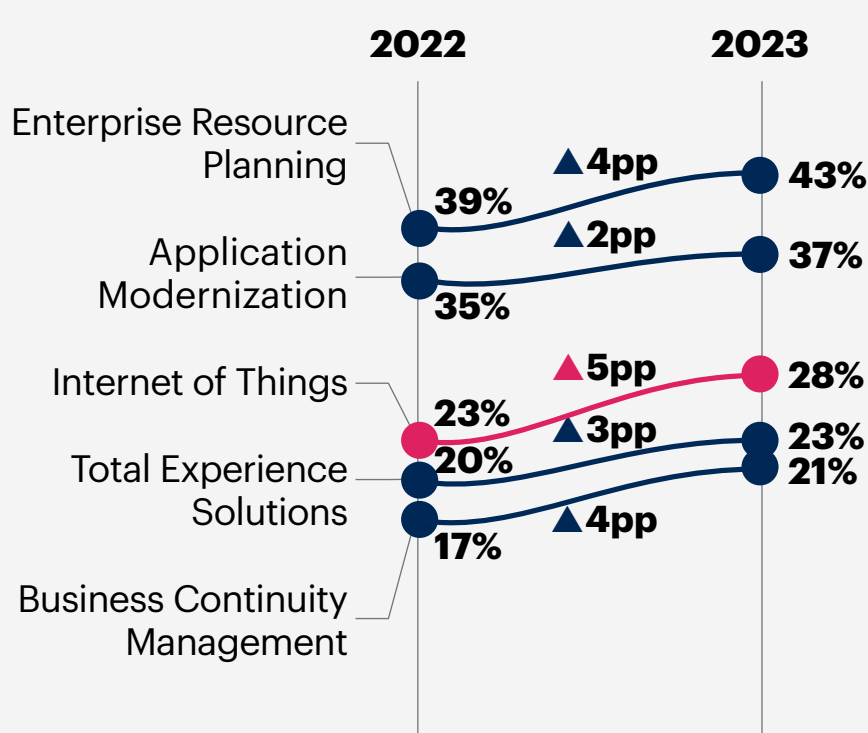

Which technologies are most likely to be implemented by 2025?

Where will investments go in 2023?

For which technologies will more CIOs increase funding in 2023 compared to 2022?

What are the challenges while developing a vision for digital change?

- Ensuring that business leaders understand the possibilities
- Integrating the digital vision with existing enterprise-level strategies
- Agreeing on a shared vision across different parts of the enterprise

What can you do now?

Run workshops to align business objectives and priorities with digitalization possibilities.

Invest in IT/OT alignment, analytics, and artificial intelligence to improve operational performance, increase employee productivity, and build closer relationships with customers.

Identify the developers of business unit IT, **cultivate** their trust and **align** these developers to the IT organization.

Actionable, objective insight
