

Gartner Risk Management Leadership Council

Benchmarks and Diagnostics

Overview

Clients turn to our rich benchmarking resources to help them compare their functions against those of their closest peers. We collect data through client-based surveys and provide it back through our research, tools and custom reporting.

Clients use our diagnostic services to uncover functional improvement opportunities and prioritize investments and functional transformations.

Plan for next year

- **State of the ERM Function:** See how peer companies are allocating budgets and staffing the function.

Grow and improve your function

- **Gartner Risk Management Score:** Assess your function's maturity and identify the largest opportunities to increase function capabilities.
- **Enterprise Risk Assessment Tool:** Identify corporate risks and understand perceptions across the business.

Identify the most important performance metrics in your function through our [benchmarks](#).

Identify areas of potential focus and investment with the highest impact with relevant, quantitative data and analysis from our [diagnostics](#).
